THE INTERIM MISSION ACTION PLAN 2022 - 2023

Our Approach as in previous years is that everything we do is prayerful and that we continue to be open to new ideas and research best practice.

The plan is a living document which is intended to respond to changing circumstances in the church and community and to the ideas and aspirations of the whole congregation. The PCC therefore aims to review the Plan annually based on advice from the Outreach Group.

Activities have been categorised as the following:

- **MAP Activities:** Specifically mission orientated activities under the auspices of the Outreach Committee.
- **MAP Aspirations:** When circumstances allow.
